## Principal's foreword

### Introduction

Mount Mee State School strives to provide the best possible education for children in Preparatory to Year 7. We believe that schools are successful when they seek to involve the school community in the development of educational programs and decision making. By working in partnership with the community, responding to local needs and valuing social diversity we can create a learning environment that responds to student needs and development.

Our school's mission is to prepare young people to lead successful and productive lives. To achieve this it is important to create a safe and connected learning community that promotes a sense of belonging, encourages resilient, motivated learners and provides challenging tasks in an environment of high expectations and rich feedback.

Teachers and teacher aides are innovative in their endeavours to engage children in dynamic learning – ranging from incorporating the growing and cultivation of vegetables to the importance of academic studies in developing personal futures.

This School Annual Report reflects the school's progress in achieving agreed upon goals during the 2012 school year.

## 2012 School Annual Report

### School progress towards its goals in 2012

During 2012, Mount Mee State School was committed to strengthening school & community partnerships, sustaining a consistent curriculum that improves student learning, enhancing teaching practice & pedagogy and enabling a strong and shared Leadership. As a school we successfully increased parent satisfaction in the school as recognised through the school opinion survey. This was achieved through improved communication methods including the use of digital technologies and the establishment of clear expectations at the commencement of the school year with a detailed parent information evening. This was supported through regular inclusions in school publications.

As a school we strengthened our links with community groups including EnviroCom and the Moreton Bay Regional Council. Taking on the role as a Trial School for the Our Place, Our Bioregion program, we were able to extend our role as an environmental sustainable leader in the community. Our achievements were acknowledged by our invitation to be key presenters at the 2012 Kids in Action program. Our waste minimisation efforts were also rewarded with the successful application for the State Government Waste Minimisation program. Throughout 2012, Mount Mee State School was able to effectively reduce its general waste by 50%.

2012 saw the implementation of the Australian Curriculum for Mathematics, Science and English. These three learning areas were successfully incorporated into the school's program. Mount Mee State School also began its journey to reinvigorate its entire curriculum framework, giving a new sense of purpose and language for students to use when discussing how to become successful by using the Habits of Mind.

2012 was a highly successful year for Mount Mee State School and has set the school in a great position for 2013.

### Future outlook

Mount Mee State School intends to build upon the success of the last three years through a refined focus on Literacy and Numeracy Intervention, refining our best practices through a unified pedagogical framework and continuing our preparation for our Year 7 into High School transition for 2015.

## School Profile

Coeducational or single sex: Coeducational

Year levels offered in 2012: Prep - Year 7

Total student enrolments for this school:

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2010	86	39	47	94%
2011	83	37	46	93%
2012	87	37	50	88%

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

Mount Mee State School concluded the 2012 school year with an enrolment of 87 students. This enrolment consisted of 37 girls and 50 boys from Prep to Year 7. The school maintained 88% of its enrolment throughout the year with a total of 100 students accessing education from Mount Mee State School at different periods throughout the year. Our school enrolls students from a broad range of economic backgrounds with a fairly even spread of students from the bottom quarter of the ICSEA scale, through the top quarter in Australia. This a significant change for enrolments at Mount Mee State School from the previous three years, were 40% of enrolments were coming from families identified as being in the bottom quarter of the ICSEA scale (source: My School Website).

## Average Class sizes

Phase	Average Class Size		
	2010	2011	2012
Prep – Year 3	20	20	21
Year 4 – Year 10	23	20	21
Year 11 – Year 12			

## School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2010	2011	2012
Short Suspensions - 1 to 5 days	6	2	2
Long Suspensions - 6 to 20 days	3	0	4
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

## Curriculum offerings

Our distinctive curriculum offerings

Mount Mee State School is committed to providing a diverse and rich curriculum, including a strong commitment to delivering expected outcomes in State Wide Policies. To enrich the learning of our students Mount Mee State School offers students the opportunity to participate in:

- Mount Mee Radio Kids. This program is targeted at Year 6 & 7 Students, to improve public speaking skills and student confidence. In partnership with 101.5FM, student broadcast an hour long weekly show to a listening audience of anywhere from 30000 to 60000 listeners.
- Inter-school debating. Students from Year 4 to 7 are invited to participate in the newly formed inter-school debating competition between Mount Mee State School, Delaneys Creek State School and Woodford P-10 State School. Each Term, students are challenged with new topics to debate.
- TOTs. Our TOTs program is a structured playgroup, conducted by our P/1 teacher. Students from Prep are engaged as social leaders, modeling appropriate play and learning for future enrolments of Mount Mee State School. The P/1 teacher demonstrates reading practices and provides ideas for parents with young children to engage in imaginative play.
- Tuesday Electives. Students from Year 4 to 7 are involved in a range of hour long elective programs each week. These programs include ICTs, Debating, Guitar, Environmental Education and Creative Arts.
- Film & Media. Students from Year 4 & 5 are engaged in creating documentaries about important social issues. These are included in National Film Festivals.

---

Participation in the community Anzac Day service at Dahmongah Lookout.

Participation in the Woodford Show.

Representation at District and Regional Cross Country, Athletics and Rugby League competitions.

Chess Club

---

How Information and Communication Technologies are used to assist learning

Each student from Prep to Year 7 had access to a minimum of four work stations in each classroom and multiple other computers across the school.

All staff developed personal skills with a range of professional development such as a Training Day on Interactive Whiteboards and training for the One School application. Staff were involved in professional development on the Smart Classrooms PD framework and were extended into achieving their ICT Pedagogical Licence and Certificates.

The drive to include ICTs into each classroom was strengthened by the inclusion of an Interactive Whiteboard in all teaching space and 11 iPads across the school which are used in small group and whole class instruction.

# Our school at a glance

## Social climate

The small school environment of Mt Mee assists the development of a safe and supportive climate. Students are well known by all staff, and issues are dealt with promptly, if and when they arise. Parents are involved in the process of developing solutions and have indicated a high level of satisfaction with these aspects of school management. The school expects students to demonstrate a high standard of behaviour and every effort is made to assist them to develop appropriate relationships with each other and all members of the school community.

## Parent, student and staff satisfaction with the school

From 2011 to 2012, Mount Mee State School has seen a continued improvement in Staff Member Satisfaction with morale and parent satisfaction with the school in general. The school had a response of approximately 25% of families and 30% of students.

## Involving parents in their child's education

Parents are welcomed into our school firstly through our P&C Association, where parents have a valuable and recognised input into the operation and priorities of our school. On a day to day basis, parents are encouraged to assist in classrooms as parent helpers.

As a school we attempt to provide timely and meaningful feedback to parents. We achieve this by providing parent / teacher meetings twice a year and offer other opportunities to meet with teachers as required. We also welcome parents to our Awards Night and all extra-curricular activities such as our Science Day, Discos and Debating Competitions.

Having parents in our school is important, not only to our staff, but to the children and when and wherever possible we encourage parents to be in and be a part of our school.

## Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Mount Mee State School collects and uses its own water through water tanks and dams. The school also has solar panels operating in the school which reflected in a reduction of power consumption in 2010 – 2011. A small increase in power is observed in 2011 – 2012 due to the inclusion of an additional building and septic system. Power consumptions at the school spike during winter, with daily temperatures sitting at or below 10 Degrees Celsius. The school runs heaters in the classrooms to provide an appropriate learning environment. In an attempt to return power consumption to the 2010 – 2011 usage, the school has begun removing old bar heater units and replacing these with inverter systems which are more economical and power efficient.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2009-2010	35,860	0
2010-2011	28,729	0
2011-2012	30,452	0

# Our staff profile

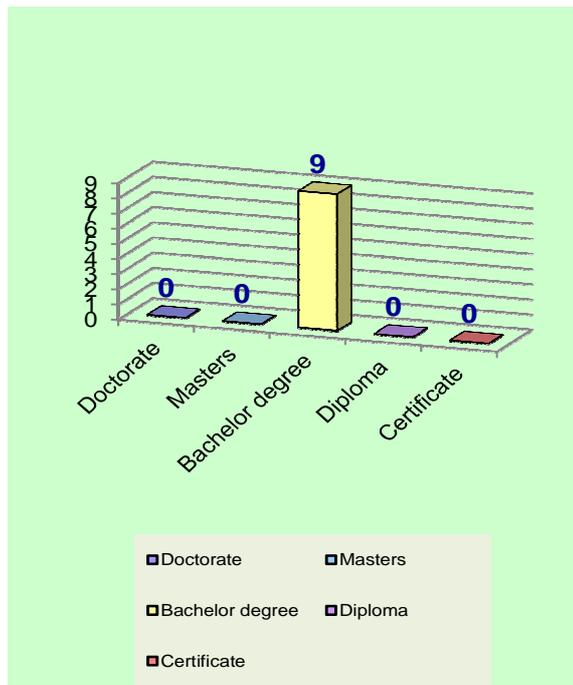

## Staff composition, including Indigenous staff

The staff figures below are based on Equal Employment Opportunity (EEO) 2012 census. In accordance with the EEO privacy provisions and to ensure confidentiality, the 'less than 5' rule has been applied in schools whose Indigenous staff numbers are less than five.

2012 Workforce Composition	Teaching Staff	Non-teaching Staff	Indigenous Staff
Headcounts	9	5	0
Full-time equivalents	5.1	3.1	0

## Qualifications of all teachers

Highest level of attainment	Number of classroom teachers and school leaders at the school
Doctorate	0
Masters	0
Bachelor degree	9
Diploma	0
Certificate	0

## Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2012 were \$17098.

The major professional development initiatives are as follows:

- ICTs and Pedagogical Framework
- Literacy
- Numeracy
- Curriculum Planning

# Our staff profile

•Catering for individual needs

The proportion of the teaching staff involved in professional development activities during 2012 was 100%.

Average staff attendance	2010	2011	2012
Staff attendance for permanent and temporary staff and school leaders.	97.2%	97.5%	96.9%

## Proportion of staff retained from the previous school year

From the end of the previous school year, 98% of staff was retained by the school for the entire 2012 school year.

DW = Data withheld to ensure confidentiality.

### Student Attendance Distribution

The proportions of students by attendance range.

### Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Mount Mee State School recognises that every day at school counts. Non-attendance of students at Mount Mee State School is an issue that the school takes seriously and attempts to minimise. This is achieved by regularly monitoring of absence trends. This data is obtained by daily marking of class rolls in the morning and afternoon. Phone contact is made with parents after two days of unexplained absences, or when trends in student absences occur. Unexplained absences are minimal and the majority of absences of students are due to illness.

# Performance of our students

## National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.

## Achievement – Closing the Gap

Mount Mee State School had a 2% indigenous during 2012. The attendance of indigenous students has sustained an average of 99.3%. This is 5% attendance greater than the average Non-Indigenous attendance. Specific strategies around targeted intervention and screening have been utilised to minimise the gap of performance between Indigenous and Non-Indigenous students in class.
