To our great Mt Mee State School Community,

I wanted to make sure that you heard this news straight from me. This week I was offered and I accepted the position of Mt Mee SS Principal.

I am of course very excited to be embarking on this next stage of my career. Mt Mee SS is a lovely school and has a lovely community. I will be using my skills in a new environment and this is fulfilling for me.

I feel very privileged to be able to work in such a welcoming and education focussed community. Together you, the students, your school staff and Trevor Buchanan have developed a very positive and professional school that is focussed on improving educational outcomes for your children. In addition, you have shown commitment towards a supportive school where everyone is welcome and valued.

As your principal I will strive to build upon this wonderful foundation. I will bring my own flavour. If I did not, it would mean that I was not doing my job. There will be changes but a quote I saw lately sums it up for me. Education is shackled when we begin saying,” But we have always done it that way....” I commit to respecting the values and traditions of Mt Mee State School as well as committing to introducing new ideas and strategies that support continual improvement.

I have spent many years at Wamuran; a great school just down the road. The ties that I have built with Wamuran will be invaluable as we will be able to access learning and opportunities that can be gained through networking with others. I am excited about this potential.

Finally, I would like to thank you for the way that you have welcomed me into your community.

I look forward to growing with our school and our community.

Kind regards

Pam Carlile
Principal
