

# Mt Mee State School Priority Learning Areas 2018

## **Vision: Strive to Excel**

**Mission: to prepare young people to lead successful and productive lives.**

### **Priority One- Wellbeing**

All staff and students are involved in learning and implementing strategies that will enhance the social and emotional wellbeing of themselves and others. People who possess strong social and emotional health are more able to learn and contribute to their community.

### **Priority Two- Deep Learning**

Staff will participate in collegial sharing and professional development in the areas of planning, goal setting, feedback and new pedagogies. The aim is to develop learning experiences and capabilities in staff and students that will lead to deeper understanding of concepts. Deep understandings allow for the transference of skills and concepts to new situations. A focus on Numeracy will provide special opportunities to develop staff practice.

### **Priority Three- Writing**

All staff are involved in professional development experiences in the area of Writing. Students will engage in new learning experiences to deepen their understanding and skills regarding the literacy demands of writing for a purpose and audience. Disposition towards writing is a focus to develop commitment to the statement that Writing is a craft not a task.
