Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

If you answer yes to any of the shaded area on this form a referral form will need to be forwarded to a Registered Nurse from the Education Queensland Nursing Services

STUDENT INTERNET ACCESS

Dear parents/caregivers

To ensure young Queenslanders are well equipped to contribute fully to the information economy, the education sector is responding to the innovation directions of the Smart State Strategy through Smart Classrooms.

This strategy underpins the growth and improvement in innovative programs and resources in schools for teachers and students. Essential tools for providing these innovative educational programs are the intranet, internet, email and network services. These technologies are vital for the contemporary educational program provided in schools. At all times students will act in line with the requirements of the Code of School behaviour and the specific rules of their school.

Throughout the year, the internet will be used by some classes to research and investigate topics that are relevant to the curriculum. Students will be given the opportunity to further develop computer skills and to develop an understanding of the strengths and weaknesses of the World Wide Web as a source of information.

While the internet can provide access to an enormous amount of worthwhile material, there is also offensive and inappropriate material contained on the Web.

The Department of Education, Training and Employment provides our internet link, and filtering of offensive or inappropriate material takes place centrally. Despite this it still could be possible for students to access unsuitable sites although it is unlikely that these would be stumbled across accidentally, if students are engaged in genuine educational research. Most access will be to specific sites designated by the class teacher.

During computer lessons, there is teacher, and usually teacher aide supervision at all times and any student attempting to use the internet to access unsuitable material will be easily observed. In the unlikely event that this occurs, the student/s involved will be denied future access to this resource.

Under Department of Education, Training and Employment guidelines, it is necessary for students and parent/guardians to sign and return the attached *Internet Access Agreement*, before they are allowed to access the internet.

Please contact the school if any issues need further clarification.

This school community provides a chaplaincy service which is endorsed by the school's Parents and Citizens' Association and is made available on a voluntary basis to all students. Information about the service is available on the school's website and through newsletters.

(Student name) _____ has accessed the chaplain and has indicated interest in meeting individually with them on a regular or ongoing basis. For this to occur, written informed consent is required.

The focus of these meetings will be determined by the student's need, however chaplains/student welfare workers are not allowed to provide counselling, evangelise or proselytise, advocate for or denigrate a particular worldview or faith.

In order to ensure coordinated case management of student support, each referral that a chaplain or student welfare worker makes to an external agency requires the explicit approval of the school's principal, deputy principal or guidance officer.

Consent provided on this form will be considered valid for the duration of the chaplain involvement in supporting the student, unless this period is more than one (1) school year, in which case consent will be requested at the start of the following school year. MT MEE STATE SCHOOL

Introduction to the State School Consent Form for Mt Mee State School.

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- What information we record
- How we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.
